Computer Based Training offers many benefits to Indiana Department of Correction staff.

CBT allows staff to move through training at his/her own pace. CBT can be utilized in any location that has access to the State's PeopleSoft database; this location may be at a facility or at most computers with access to the Internet.

Currently, the Department is using CBT for portions of the Annual In-Service Training Program and for specialized training opportunities for staff.

Users are required to log onto PeopleSoft using their Username ID and PeopleSoft password. The Department's Annual In-Service Computer Based Training program is offered via the PeopleSoft Enterprise Learning Management (ELM) System. Each module is completed in the order it is presented and must be successfully completed to finalize the CBT portion of Annual In-Service Training. Upon completion, the system will automatically grade each module and provide the staff member with a Certificate of Completion, if desired.

Additional Computer Based Training Modules are being developed to replace, revise or add to current curriculums. Many of these modules will be refresher course material to enhance skill-based training, or are leadership and career development oriented.

Note to Users: Internet explorer is the only approved web browser for computer based training. All others such as Firefox, Google, Chrome, Safari etc., will cause malfunctions with your training. Also, in order to complete a module, you must click the finish or exit button. Do not click the red "x" in the upper right hand corner.

IDOC Museum Dedication: Reflections of Pride

NEW CASTLE, INDIANA – The Indiana Department of Correction’s (IDOC) Correctional Training Institute hosted an open house on November 16th to celebrate the opening of the “Reflections of Pride: The History of the Indiana Department of Correction Museum.”

The purpose of the museum is to create a repository to share the history of the Indiana Department of Correction with others throughout the state of Indiana. The IDOC currently has 21 adult and 6 juvenile facilities serving Indiana’s 92 counties.

Indiana’s rich correctional history began in 1792, while the state was still a part of the Northwest Territory. Indiana’s penal facilities were then autonomous. The Northwest Territory Prison, a fort-style prison, operated near Lafayette. Another fort-style prison, operated by the French, was located near Vincennes.

Patrons of the museum discovered numerous artifacts of historic interest. Artifacts including books, documents, furniture, ledgers, newspaper articles, photographs, staff uniforms, contraband and hand-made weapons of offenders are on display as a result of donations from Department facilities, IDOC staff and families throughout the state.

Some of the artifacts include the original bell from the prison at Jeffersonville, the original hand-written sentencing decree and intake documents for inmate #1, security and personal protection equipment, and displays of Indiana’s most notorious inmates including John Dillinger and Charles Manson.

Museum visitors were awed by the artifacts, displays and viewing a video history of the Indiana Department of Correction. The museum was filled with laughter, conversation, and occasional silence while over 100 curious patrons stepped back in time.

Bruce Lemmon, Commissioner of the IDOC, noted he was “excited and very impressed by the exhibit of the original Jeffersonville prison, and all the contributions of items from throughout the state.”

For further information or to donate items to the museum, please contact Matt Andrick at 765 521-0230 ext: 5004, or via IDOCMuseum@idoc.in.gov
